

It is a mistake to see the situation in Ukraine as somehow detached from the multitude of situations going on the planet. It is a significant part of the Retrogressors insane plan to maintain the delusions of a one dimensional reality in which Might Makes Right, and those with the billions deserve them because they are obviously superior beings, and “the poor will always be with us” anyway.

Possibly **among the most effective things we can all do** regarding this current specific Putin insanity and the ongoing seemingly separate insanity such as the murder of children in their classrooms by 18 year-olds with purchased automatic rifles, is to use the Great Invocation. The GI is not a song or a prayer. The Great Invocation is a synthesis energy generation, compression, and direction tool. The impact of the focused energy stream tends to generate a solution which is a synthesis of the present possible Good. There is no “evil” in Synthesis.

Synthes, an energy stream which is becoming more and more evident and powerful, is the presence of the New Age, the Age of Aquarius. It is the Path. It is the Way out of the idiocy of the delusion of being separated individuals locked in some never ending war for survival.

Synthesis doesn't actually make anything. It reveals the Unity that is, the unity that is distorted and hidden by the delusion of separation. Synthesis does this mainly by generating the realization within the consciousness of individuals of their essential individual uniqueness and simultaneously of their essential Oneness with all others including the other Kingdoms. You know, that old, “I Am That!” bit.

A conscious and therefore synthesized worker who has an opinion on how to do something will, with complete detachment, discrimination, and dispassion—or the short version, love—, spontaneously accept and review alternate solutions to the problems on any level of human interaction. It is this inclusiveness that will generate the best solution for any problem. Obviously, the solutions are heart generated rather than intellectually hammered or argued out.

The GI Tool

“Synthesis is.” Actually! We, humans, after some 17 million years of evolving are finally getting it. The solution to the present last gasps of the retrogressors, of which is the cruel and disgusting random murdering of children and the situation in Ukraine, is the rapidly unfolding realization by billions of individuals that we are actually the One Humanity.

You will notice I said retrogressors, not Russians. As thousands of years of documented history shows, the Retrogressors will and do use any race, nationality, religion, sex, and age. As we can clearly see, none of these things matter for them. What does matter is the power they have and get through the identification with and the ownership of wealth, Property or power at some level. It is the same old King thing about which we can simply point out that it is not human. To own power, one must be identified with it. To identify with the dense physical plane is to be un-conscious or actually dead.

You will note that the GI is not a request for someone else to do something. We are the Doers. The Great Invocation is the formula for a totally conscious step by step delivery of the Power of the Light into these ancient issues. We can Think or say or sing the GI. When we do, we are consciously, deliberately, employing the Power of the Light to implement the Plan we need to implement the Triumph over the efforts of retrogression.

This invoked and delivered energy will support all of our dense physical everyday efforts to manifest in new forms and systems the New Age.

THE GREAT INVOCATION

From the point of Light within the Mind of God

Let light stream forth into the minds of men.

Let Light descend on Earth.

From the point of Love within the Heart of God

Let love stream forth into the hearts of men.

May Christ return to Earth.

From the centre where the Will of God is known

Let purpose guide the little wills of men—

The purpose which the Masters know and serve.

From the centre which we call the race of men

The GI Tool

Let the Plan of Love and Light work out.

And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth

Remember Sisters and Brothers, The GI is not a prayer. We are not asking for anything. We are involved in executing a totally conscious act of DOING. This is what we are here now for, this is what we came for. Use this "tool" with the INTENTION of the GOOD.
